CREATION

Time for prayer and action

Creation Time 2012

Observe a time for creation, between 1 September and 4 October, for the protection of God's creation and the promotion of sustainable lifestyles.

Our 2012 Creation Time resources focus on sustainable energy in the **UN Year of Sustainable Energy for All**, which has a target of giving the whole world reliable, clean energy by 2030.

These downloadable resources will help churches, groups and individuals to focus on a creation theme at this time of the year, either on one occasion or over the 5 weeks. See **www.ctbi.org.uk/creationtime**

Resources include: sermon notes, a group study resource, prayers of intercession and other liturgical material, and background information.
